

# Building For the Future

This facility participates in the Child and Adult Care Food Program (CACFP), a Federal program that provides healthy meals and snacks to children receiving child care, participating in afterschool programs, or residing in homeless shelters. Each day, more than 2.6 million children participate in the CACFP across the country. Participating facilities are reimbursed for serving nutritious meals which meet USDA requirements. The program plays a vital role in improving the quality of child care, afterschool programs, and homeless shelters, and making it more affordable for low-income families.
