Developmentally Appropriate Practice Foundations: Why we do what we do		
Regular Fee \$40.00 \$35.00 as noted with Youngstar discount		
<p>Best practice in early care and education is based on how children develop and learn in the early years. Developmentally Appropriate Practice is about what you do with that knowledge and how you do it. IT is about joyful play and intentional teaching. It is about predictable structure and flexibility. It is about children being part of a community of caring and each child being recognized as an individual. Developmentally Appropriate Practice is complex and requires both/and thinking by early childhood professionals.</p>

Healthy Bites: Training

There are 5 separate modules of trainings, each with varying hours. See them listed below.

This course will provide training to early care and education teachers and providers on the development of nutrition policies, which are key for improving and sustaining nutrition quality of meals served and the nutrition environment. Additionally, participants will learn how to support program assessment, improvement plans and continuous evaluation, which all draw upon ongoing support from staff and families.

Early care and education programs will feel empowered to improve the quality of the meals and snacks served by including foods recommended for proper growth and development of children from birth through age 12, developing effective menus that include foods recommended for proper growth and development, and making Meal times enjoyable and pleasant while promoting healthy eating habits and behaviors. Training provides nutrition concepts and practical applications to enhance the nutrition quality of an ECE program and initiate a change in how one thinks about nutrition in ECE settings.

Newly added

Are you looking to learn about the NEW Environment Rating Scales Third Edition?

If you are wondering which are right for you see the *definitions* below to help you....

The **Moving to the Third Edition of the ERS:** is for people who have gone through the Formal Rating with Youngstar and are already familiar with the revised Environment Rating Scale Tools.

The **Introduction to the Environment Rating Scales:** are for anyone who is **new** to the Environment Rating Scale tool. From there we have classes that are exploring each tool.

There is a *prerequisite* to the Exploring the Third Edition of... (each tool is a separate) class. You will have to take either the Moving to the Third Edition of the ERS or the Introduction to the ERS class first. There are no books issued in the exploring class. The class is available to dive deeper into the book you receive in the Introduction or Moving class.

For questions, feel free to call and ask. Tracie Dachel- Training Coordinator 414-267-3454

Moving to the Third Edition of the Environment Rating Scales - Supporting Program's Participating in YoungStar Prepare for 2021/2022

WI Model Early Learning Standards – Virtual, Live (20 hours)

Regular Fee \$125.00 **\$60.00 with Youngstar discount**

The Wisconsin Model Early Learning Standards provide a common language and guidance for families, professionals, and policymakers around early childhood education and care. They articulate Wisconsin's Guiding Principles to inform the application of the standards, and, Wisconsin's commitment to young children and families. They also specify developmental expectations for children from birth through the entrance to first grade. Developmental domains reflect attention to all the domains of a child's learning and development. Each domain is divided into sub-domains which include developmental expectations, performance standards, and program standards. A developmental continuum, with samples of children's behavior and samples of adult strategies, are also included. This training is offered over 8 virtual, live sessions. Most of the sessions are 2.5 hours. There is also .5 hrs of homework to complete outside of the virtual class time. It is strongly encouraged that participants who enroll in this course have access to reliable internet and a laptop or computer.
