Developmentally Appropriate Practice Foundations: Why we do what we do**Regular Fee ~~\$40.00~~ \$21.00 as noted with Youngstar discount**

Best practice in early care and education is based on how children develop and learn in the early years. Developmentally Appropriate Practice is about what you do with that knowledge and how you do it. IT is about joyful play and intentional teaching. It is about predictable structure and flexibility. It is about children being part of a community of caring and each child being recognized as an individual. Developmentally Appropriate Practice is complex and requires both/and thinking by early childhood professionals.
