#### Have you heard of the Partner Up! Grant Program?

Partner Up! is a state initiative focused on supporting partnerships between businesses and child care providers. The grant offers funding for businesses to purchase child care slots for their employees' children at existing regulated child care centers. Businesses receive funding based on the true cost of care, number of child care slots and the ages of the children being supported.

With the Partner Up! Program, the employer will help pay for a minimum of 25-35% of the child care cost. Parents may contribute up to 10% of the true cost of care, and the funding pays for the remaining balance. Employees will receive accessible high-quality childcare at little out of pocket cost to them.

The child care facilities will receive the True Cost of Care as determined by DCF each month. Any extra funds over tuition for the children enrolled in a child care center can be used in a number of different ways to improve the business (i.e. Training or upgrades to the facility for example.)

Visit our website for more information. <u>https://www.4cfc.org/partner-up-grant-program/</u>

#### DCF Southeast Regional Office and Initial Licensing News

DCF's SERO holds bi-monthly Certification Orientation (CO) sessions for prospective Certified Family Child Care providers. Registrants will receive the application packet after attending one of the scheduled 2023 Certification Orientation sessions. The CO sessions are held at 4C For Children on the first and third Tuesday of each month from 12:00 pm- 3:00 pm. Please contact DCF SERO at 262-446-7800 if you are interested in operating a Certified Child Care Center. No certified family child care operator may have more than 3 children under 7 years of age who are not related to the child care operator in care at any given time.

DCF's SERO holds the Family (2nd Tuesday) and Group Provider (4th Tuesday) Tool Kit sessions monthly from 12-3:00 pm. If a child care provider cares for 4 or more children under the age of 7 who are not related to the provider, for compensation, the provider must obtain from the Department of Children and Families, Bureau of Early Care and Regulation a license to operate a child care center.
