

4C Family Center & Washington Co. Anti-Trafficking Advocates

Back To School Media Safety

August 15, 2024 6:00-7:30pm
4C Family Center of Washington County
2376 W Washington St, West Bend, WI 53095

IN A RECENT STUDY... 88% of parents surveyed feel abduction is their children's greatest danger, with little to no mention of social media...
IN REALITY... stranger abductions are actually rare; while grooming, sextortion and other types of online sexual exploitation are skyrocketing.

It's our responsibility as adults to arm kids with the necessary tools (knowledge) to stay safe online...

FREE & OPEN TO THE PUBLIC
and bring a friend...There will be lots of free resources available to take home.

*Content appropriate for any age child currently using social media
(with parent or guardian)

WE WILL BE COVERING...

- *SEXTING & SELF-GENERATED SEXUAL IMAGES (The dangers, the laws and the consequences).
- *SEXTORTION (Teenage boys are being heavily targeted).
- *FALSE PROFILES (Predators can look just like you or your friends online).
- *GROOMING (Can you identify predatorial conversations?)
- *RESPONDING/REPORTING (What to do if something bad happens to you or someone you know).

Please call us at the 4C Family Center
at 262-338-9461 to register.
